

AVPC Female Youth Intern Job Description

Purpose

We long for our youth to experience the life changing power of the gospel through deepening relationship with Jesus Christ. This is fostered by developing bonds with their peers in the youth group and through the discipleship that comes out of strong relationships with youth leaders. Summer interns are a big part of that as we spend a season celebrating life in Christ and growing together. If you enjoy spending time with teenagers, having fun and pouring into their lives, and are open to the Lord working on you at the same time, then this position may be right for you. Details below:
